Messina 2859 sq. ft.

4 Bedrooms ■ 3.5 Baths ■ 2 Car / Workshop

Selected as the 2007 Wallen Homes Parade Model, the "Messina" boasts 2859 square feet of exceptional living space.

A semi-circular porch and double front doors provide a warm welcome to this memorable pueblo style home. From the moment you enter, you'll experience an exciting blend of curves, angles, space and function. A dramatic living area opens to the dining room, kitchen, circular dining nook and covered patio, comfortably separating the magnificent master suite from the remaining three bedrooms, including a private guest suite.

The master suite includes a dramatic entrance to a circular hall leading to either the luxurious, oversized bath and walk-in closet or the bedroom, secluded and private with plenty of room for a sitting or reading area.

A large utility room and two car garage with extended workshop space complete this gorgeous home.

Your lifestyle, Your home, Your way.

Notes

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from actual home. Windows and/or skylights may vary with exterior design. Homes may be built in reverse of plan shown, depending on site conditions. Minor architectural changes may be made from time to time at the option of the builder. Models homes may feature upgrade options at additional expense. Please consult your Sales Professional for details.
